Teleconference: 1.218.862.1300 Passcode: 171009

AGENDA

WELCOME

*Commissioner Bill Buckhanan, Chair
Commissioner Kai Turner, Vice Chair
Andy Karsian, CCI*

INTRODUCTIONS

LEGISLATION

Bill summaries are based on the introduced version of the bill. Contact CCI for the latest amended information.

Bill #	Short Title	H-Sponsor	S-Sponsor	Bill Summary	Position
HB12-1004	Colorado Timber Act	L. Bradford	S. King	The bill requires county and municipal building codes to allow the use of lumber milled from lodgepole pine and Englemann spruce trees having a grade of "stud" or better as building framing material. County and municipal building codes must also encourage the use of lumber milled from these trees for this purpose.	
HB12-1078	Exempt Drinking Water Cert Designation	E. Vigil	G. Schwartz	Water Resources Review Committee. Current law requires a drinking water treatment facility that stores, treats, or processes solid wastes originating at the facility to get a certificate of designation from the local municipality or board of county commissioners. Such facilities are regulated by both the solid and hazardous waste commission and the water quality control commission. The bill exempts these facilities from the requirement to get a certificate of designation, regardless of when the solid wastes were handled, and allows them to dispose of their own solid wastes on the facility's property in compliance with the rules of the solid and hazardous waste commission for waste impoundments and solid wastes disposal.
